

## THIRD DAY OF HAYWOOD TRIAL BEGINS AT BOISE

PROSPECTS GOOD THAT AT  
LEAST FOUR JURORS WILL  
BE SECURED.

### THE IMPLICATION DENIED

That Political Discrimination Was  
Shown in the Selection of the  
Venue.

Boise, Idaho, May 14.—With all of the seats in the jury box occupied, although but four members had been passed for cause, by both sides, and all are still subject to preemptory challenge, the third day of the trial of Haywood for the murder of Steunberg began. Prospects are good for the selection of at least four jurors before court adjourns today. A peculiar fact which has caused comment, is that so far every talesman questioned said he was a Republican. It has given rise to the allegation that discrimination has been shown in summoning veniremen. Sheriff Hodgins resents the implication and says the men were drawn in the regular way without any knowledge of their politics.

Boise, Idaho, May 14.—When Judge Wood called Haywood case he at once gave attention to the 100 men summoned by Sheriff Hodgins in the special venire issued on Thursday last. The court asked those who had special excuses to offer, to come forward and urged a little mob of 35. Seven of them were sick, and five of them were the husbands of sick wives. Some presented crisp-looking certificates from doctors, others offered their quaking bodies as visual evidence, and the rest pleaded earnestly. Then there were ditch riders, who must ride hard and constantly these spring days in this land of irrigation, where water is a community concern. Next there was a batch of federal grand jurors. Twenty-four of the pleaders were excused and the other eleven returned to the panel, either temporarily or permanently, leaving the total of 76. Two talesmen were examined, Ellsworth Lister and Walter Shaw, both farmers. The former was excused and the latter temporarily passed.

The sale also includes several patent machines for polishing, which can be used in polishing the nickel on stoves.

The members of the syndicate will receive such portion of the issue as is not taken by the stockholders.

Reports Agitate Financiers.  
Paris, May 14.—Rumors to the effect that France is about to make a further military move in Morocco, owing to the occupation of Oudja not being effective in bringing the sultan to comply with the French demands growing out of the murder of Dr. Mauchamp, have greatly affected financial circles, who view the prospect gloomily. No official confirmation of the report could be obtained. The foreign office, however, has received a number of dispatches relative to the anarchy prevailing in the vicinity of Morocco City.

## NEWARK'S LIVE ONES

Mr. Thomas M. Edmiston, who is the subject of this sketch, and who is certainly one of the "hustling live ones," came to this city in January, 1892, from Chillicothe and with E. L. Horner bought out the book store of Hammond & Son at No. 9 West Park Place, which store room has been used as a book store continuously for the past 60 years.

In 1905 Mr. Edmiston purchased the interest of his partner and has by his attention to the increasing de-

mands of the people in our growing community, added greatly to the volume of the business, for at present the business occupies three floors of the building, and demands the time and attention of eight clerks. He is associated with seven other stores that help him to take care of the buying end of the business, and which enables him to meet any sharp competition that may happen to arise, so that when you deal with him, it means that you get the best, and at competitive prices.

Mr. Edmiston believes in the future of Newark and has investments in our midst showing his faith in his backing his opinion with his money.

Mr. Edmiston is a Board of Trade member, a Mason, a Y. M. C. A. director, and one of its most active members, and has done a world of good in behalf of the young men's interest, for the association. He is also an elder in the Second Presbyterian church.

Boycott an Officer and Are Disciplined by the Authorities at  
Annapolis.

Annapolis, Md., May 14.—The whole membership of the First battalion of the brigade of midshipmen has been restricted for an indefinite period to the confines of the institution as a result of its members having "given the silence" to Lieutenant Commander C. B. McVay, Jr., one of the discipline officers. The members of the battalion had taken exception to McVay's mode of investigating their actions and determined to administer this form of rebuke to him. The "silence" is as old as the navy itself. It is in the nature of a boycott.

They will proceed to Paris and will then go to the Chateau Genis, 25 miles from Paris, where the honeymoon will be passed. They expect to remain there until they return to America about the middle of July. Mr. Corey's only gift to his bride was the Chateau Genis.

## CONFESSION MADE BY FORMER CLERK

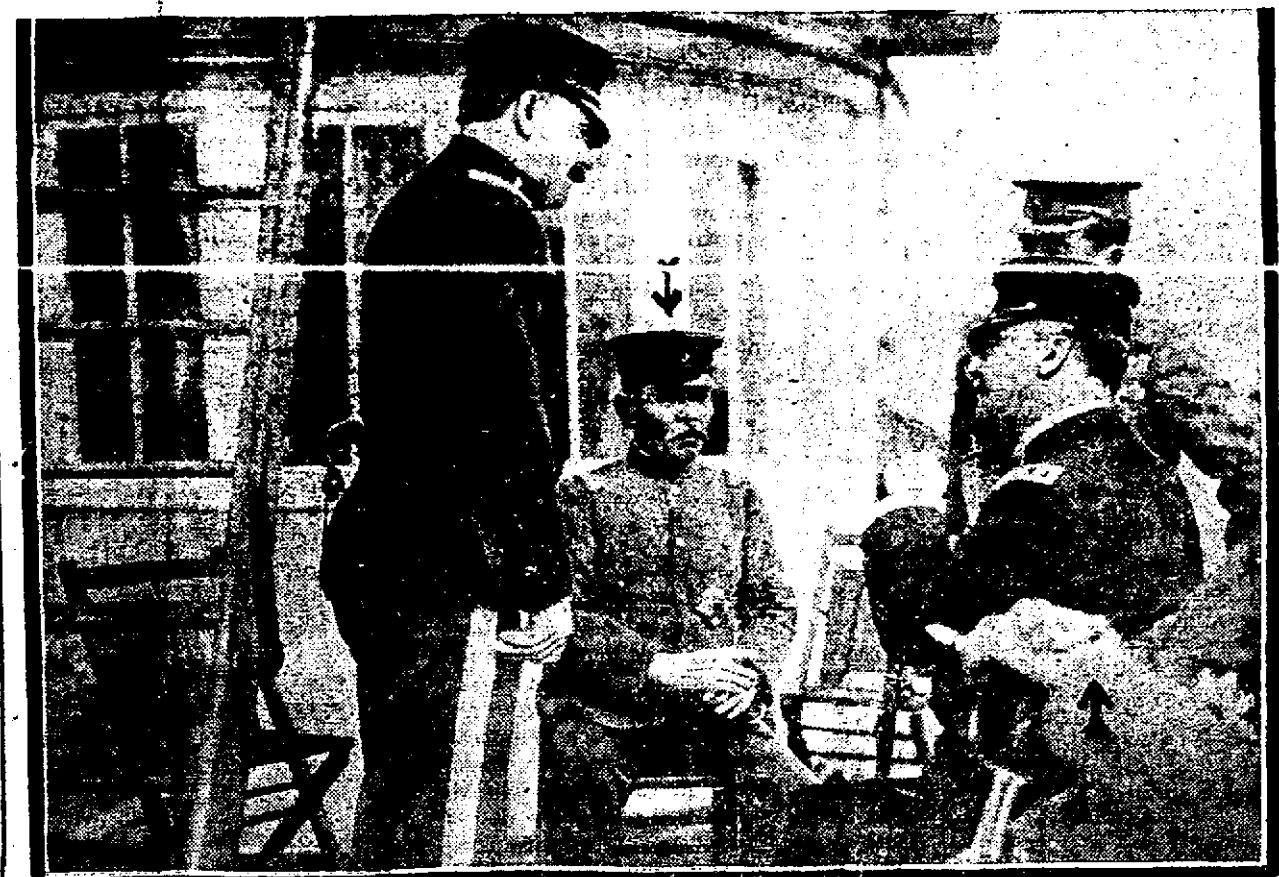

Are to the Effect That He Had  
Planned to Steal Million Dollars  
From Trust Company.

New York, May 14.—Details of a confession made by William O. Douglass, former loan clerk of the Trust Company of America, are to the effect that acting on the advice of a lawyer he planned to steal \$1,000,000 worth of securities in order to compel the trust company to overlook his minor thefts. Douglass has already pleaded guilty to larceny and is awaiting sentence. According to his confession, he first took small quantities of bonds and borrowing money on them, lost it in speculating. When it was evident that he could not retrieve his losses a lawyer was consulted, who advised that the only way out of the dilemma was to steal \$1,000,000 worth of securities and turn them over to the lawyer who might negotiate with the officials of the trust company for their return. Douglass' understanding was that the lawyer expected to get \$200,000 from the trust company for the restoration of the securities which would have been sufficient to cover the amounts Douglass had already borrowed and lost.

## JAPAN'S RISE SHOWN IN DELEGATION LEAD BY KUROKI.

GENERAL KUROKI AND LIEUTENANT-GENERAL MARQUIS SAIGO VISITING.

Valor and prowess of the old Japan and the new appear in the officers of the army and navy sent by the Mikado as an escort of General Kuroki, who officially represents the land of Nippon at the Jamestown Exposition.

Every rank of both arms of the service has its member, and every class in the distant islands which has had its share in the upbuilding of a progressive nation is included in the delegation, which has received so many marks of esteem in its recent trip across the continent.

It contrasts strangely enough with that other company which visited this country half a century ago, soon after Admiral Perry had knocked at the gates of what had long been a hermit empire. Since then Japan has adopted Occidental ideals and her representatives, in smart uniforms and modern garb, would hardly recognize their brethren of long ago, who came in loosely flowing robes with two handled swords in their sashes.

They come as victors from many a war where they matched their knowledge of present day fighting and tactics against foes of the East and the West, for there is not an officer among them who has not a record of brilliant achievement.

General Kuroki was one of the leaders of the army in the Russo-Japanese War, and at his side is

Marquis Saigo, who bears the rank of captain and is the son of an admiral who achieved distinction in the most significant period in the history of the island kingdom.

With the exception of the General who is now 64 years old, yet hale and strong, the party is composed of the

younger men of Japan, most of whom were born after Daimios and Shoguns had bowed in submission to the Mikado. They are graduates of English and American universities and of the training schools for the army and navy, and all have seen hard and active service.

## CONFERENCE HELD WITH GOVERNOR MEETING IS OFF

CHAIRMAN BROWN HAS MADE  
THIS DECISION AFTER  
DICK'S ACTION.

### CALLING OFF CONFERENCE

To Consider Taft's Indorsement—  
Foraker is Suspicious of His  
Colleagues.

Columbus, May 14.—Walter L. Brown, chairman of the Republican State Central Committee, after a conference with Governor Harris today, decided to call off the meeting of the committee Wednesday. This action was decided upon after Senator Dick had called off the Republican conference to consider the endorsing of Taft for president an Foraker for his term.

### TAFT'S FRIENDS NOT WORRIED.

Washington, May 14.—The calling off of the proposed "harmony" conference at Columbus Wednesday, is viewed with entire equanimity by the Taft forces and with satisfaction by the Foraker folks. It did not make any difference to Taft whether the conference was held or not. He is satisfied with the progress of his presidential campaign in Ohio. It is believed that Foraker has for the present saved his face through the abandonment of the conference. His reports from the state were that not only was a majority of the leaders opposed to endorsing him this time for the senatorship, but that some of his own supporters are becoming lukewarm.

Three hours before Dick put out his announcement calling off the conference, Foraker was in long distance telephone communication with him. It is said that Foraker is somewhat suspicious of his colleague and would not be surprised if Dick should throw him overboard. They have never been bosom companions, how, and there is every indication that Dick has been giving his mighty close to the ground for a past few days. According to reports from Ohio, he has also been flitting with the Taft and Cox elements.

### MRS. HEIB HURT IN A RUNAWAY

Mrs. T. J. Heib of 227 Eddy street, had the misfortune to meet with an accident which resulted in her receiving severe and painful injuries. She had driven to the residence of her son on Ash street, and was engaged in arranging some wall paper that had been placed in the buggy, when the horse, which was of a very nervous disposition, frightened at the rattling noise and ran away. Mrs. Heib grasped the lines and did all in her power to check the runaway, but without avail, and the horse ran up Ash street at the top of his speed. The animal, in making a sudden turn, caused the buggy to overturn, and Mrs. Heib was thrown with great force to the ground. Fortunately no bones were broken, but she sustained severe and painful injuries. Mrs. Heib was taken to her home where a physician attended to her injuries. The buggy was badly wrecked and the horse after running some distance was caught. He escaped injury.

### ANOTHER INCREASE

AT THE AMERICAN BOTTLE COMPANY'S PLANT IS TO BE MADE.

Annual Vacation of Glassblowers Begins July 1—Demand Exceeds Capacity of Works.

Despite the fact that new additions are rapidly being made to the American Glass Bottle Company's plant in this city, more ground is needed and other buildings will have to be erected in order to keep pace with the steady demand being made upon the company for goods. For the month just passed all records were broken, there being exactly 412 car loads of goods shipped from this plant. As the concern is only capable of turning out six car loads per day, with the 15 machines now in use, it can be readily seen that over time and rapid work is necessary to keep pace with ordinary orders. The valuation of last month's shipment exceeds a half million dollars. Six new tanks, a new power house, machine shop and an additional moulding shop are now in course of erection at this plant. When these are completed other machines will be installed and 23 tanks be in full operation. Towards the speedy completion of these additions a large force of men is at work, many of them working over time and on Sundays. When the present additions are complete work for nearly 1000 more men will be had here. At present there is a force of 1600 employed at the works.

It has been decided that the glass blowers' annual lay off will be from July 1 to September 1. This will decrease the working force by about 500, the remainder being steadily employed the year around. The blowers are compelled to take a lay off during the summer months, owing to their inability to stand the excessive heat.

### SUPREME COURT GIVES DECISION FAVORING GREEKS

END OF LONG DRAWN OUT LEGAL BATTLE HAS FINALLY COME.

El Hull Loses His Case and Sparta Will Remain Until Expiration of Lease.

The Supreme court handed down a decision Tuesday morning in a case that has been watched with a great deal of interest by the people of Newark, by granting an injunction in the case of Markus & Catsampus, proprietors of the Sparta Confectionery store against El Hull. This practically settles the long fight that has been waged between El Hull and the Greeks over the possession of the store room in the Hull building on North Third street. The lease between Hull and the Greeks contained a clause that the rent should be paid by the 10th of each month in advance. A check was given for the February rent on the Licking County bank, and the same was presented by Hull and payment refused by the bank, and the check marked "No Funds." Hull retained the check until after the 10th of the month and then commenced suit before Justice M. O. Nash to recover possession. Hull won in the first round before the justice. A petition in error was taken before Judge Seward and heard. Judge Seward refused to allow it to be filed. Afterwards a suit in equity was brought by the Greeks and the rent deposited with the clerk of the Common Pleas court asking that the forfeiture be set aside and also for an injunction. Judge Seward refused to grant the injunction and dismissed the petition. An appeal was taken to the Circuit court, bond being given. A temporary injunction was allowed by the Circuit court. The same was afterwards heard in the Circuit court and the injunction was dissolved but the Greeks were given until the 8th of May to file a petition in error in the Supreme court. The Supreme court granted leave to file a petition in error and also allowed an injunction restraining Hull and Constable Robert Darnes, from executing the writ. Fulton & Fulton and Kibler & Montgomery were the attorneys for the Greeks and Jones & Jones and B. F. McDonald the attorneys for Hull.

Healthy kidneys remove from the blood about 500 grains of impure matter every day.

It does not require a medical training to understand that, if for any reason the kidneys are unable to properly perform this blood cleansing operation, serious derangement, not only to the kidneys, but also to all the other organs of the body must be the result.

So, when the kidneys call for help, it is of the utmost importance to your health that you assist them at once with Lantz's Red Kidney Pills, the only best diuretic known to the medical profession to-day. They not only cleanse the kidneys and assist them to perform their proper functions, but they have a soothing, healing effect. They also contain a gentle laxative which acts upon the stomach at the same time, thus expelling through the kidneys and stomach, all impurities from the body.

Our guarantee is in every box.

### MISS JENNIE JONES.

Miss Jennie Jones has gone to her reward but has left many saddened hearts to mourn her death.

For many years she gave her life for others. In the school room her thought was always for the pupils' best good and highest interest. No time was considered wasted that was spent in making plain a difficult problem to a weak or discouraged pupil, or in leading an ambitious one on into new and unexplored territory. Both during school hours and often long after school hours, she labored to teach her pupils how to do for themselves, and many a man and woman out in the world today can attribute much of their success to the principles of honest, faithful work inculcated in their minds by Miss Jones in the Newark High school.

A more unselfish life than hers can hardly be imagined. Her thought was never self centered, but always sent forth for others. Denying herself much that others might have the benefit of what she fancied she did.

not need, many lives have been broadened and brightened through her loving thoughtfulness. Even up to the last hour of her life her thought was for the comfort of those who were caring for her, lest they should be wearied by their ministrations.

Her last moments were a fitting close to so beautiful a life, just like a glowing sunset at eventide. As her pastor stood beside her and said gently, "You are not afraid?" she replied, "Oh, no, I am not afraid. It is a joy to be going."

May the home that was hers—that hope "both sure and steadfast, and which entereth into that within the veil," be that of every pupil who has ever had the privilege of sitting under her instruction.

### MISS JENNIE JONES' FUNERAL.

There will be a short funeral service held at the late home on Wednesday at 12 o'clock, after which services will be held at the Licking church and interment will be made at the cemetery adjoining.

## THAT AWFUL ITCH-- INSTANT RELIEF!

This Tells of a Mild Wash That  
Stops the Torture Instantly—  
Trial Bottle Offer.

That awful itch! Why do you suffer  
it? Why do you dose your stomach  
with drugs that can never hope to  
affect the skin—the seat of your dis-  
ease? Why do you smear yourself  
with greasy salves that stain your  
clothes and do no real good?

With one application of that mild,  
soothing, external wash, known as  
"D. D. D. Prescription," you stop that  
itch INSTANTLY. A continued appli-  
cation means a permanent cure.

A trial bottle of this remarkable  
external remedy will be sent prepaid  
to anybody who has never used the  
remedy. Send only 10 cents (silver  
or stamps) direct to the D. D. D.  
Company laboratories, Suite C, 112-  
120 Michigan street, Chicago, stating  
that you never before have used this  
remedy. If you have already tried  
the remedy you know what it will do  
and you are not entitled to the trial  
bottle but should get the regular bot-

## Y. M. C. A. PLAY

Extensive Improvements in Taylor  
Hall Hoped For.

The society comedy "Naval Engage-  
ments" booked for Taylor Hall Friday  
night promises to be one of the best  
in the history of local talent the-  
atricals. Dennis, the Irish comedian,  
will be played by Mr. Harold Kemp.  
Mr. Kemp has made quite a record  
in roles of this kind and no doubt will  
add new laurels to his record in this  
play. Mr. Howard Jones and Mr.  
Edward King in the roles of Admiral  
and Lieutenant will add dash and  
vigor to the play in their natty mili-  
tary uniforms. Mr. Joseph Horner  
makes his debut in local theatricals  
in the pompous role of the Landlord.  
Miss Ida Moore will be remembered  
as Juliet, in which character she  
made such a hit last year. The abili-  
ties of Miss King both as director and  
player is well known in Newark. She  
will play the part of Widow in  
"Naval Engagements" and provides  
grace and interest to the plot and  
play.

Extensive plans are being adopted  
for the improvement of Taylor Hall.  
It is hoped to secure sufficient funds  
through this and other means to not  
only decorate the walls but also put  
in a new curtain and improve the  
stage. It is hoped that all who at-  
tend the hall or are interested in the  
Association will help in the decoration  
of this popular little meeting  
place. Reserve seats are going fast  
but good ones can yet be secured.  
Another friend of the association has  
said, "I can't be present but here is  
a dollar to help you." Those expect-  
ing to attend the play are requested  
to secure their seats early as it is de-  
sired to put the seats on sale for the  
Gautron lecture as soon as possible.

# JAMESTOWN CONTEST VOTE HAS PASSED 200,000 MARK

The vote in the Jamestown Ex-  
position contest has passed the 200,000  
mark, 9559 votes having been cast on  
Monday. Special ballots were voted  
Monday by Misses Goff, Bentz, Clark,  
Willey, Hays, Miller, Dair, McInturf,  
Seward and McMillen, or their friends,  
making a grand total of 207,219.

The only change of the day in the  
relative standing was in District No.  
7, in which Miss Hays again advances  
to third place. In the Fifth district  
Miss Bentz comes closer to Miss Mc-  
Inturf, Miss Seward gains in District  
No. 6, Miss Willey is less than 200  
votes from first position in District  
No. 7, and Miss McMillen comes with-  
in 639 votes of Miss Davis. The con-  
test is very close in nearly all of the

districts, especially so in Districts  
Nos. 2, 3, 5, 7 and 10, but the voting  
on Tuesday may make some changes  
in Wednesday's count.

In the diamond ring contest for the  
greatest number of new Daily sub-  
scribers, Miss Beaver still holds first  
place by a close margin, Misses Mc-  
Millen, Bentz, and Dair being second,  
Misses Varner, Madden, Clark, Hays,  
Raysinger, Seward, Sutton, Davis,  
Miller, Taylor and Young are close  
thirds with eight other contestants  
almost equal to them. The ring con-  
test has only 13 more days to run.

It is not too late to enter the con-  
test. The splendid showing of the  
contestants who have entered in the  
past few days is convincing evidence.  
Go in now and win.

## Dandelion

removes the cause of kidney trouble.

Guaranteed under the Pure Food and Drugs Act, June 30, 1906. Serial number 2517.

A healthy kidney is a filter. The blood gets in one end of the kidney full of poisonous and waste material. It comes out from the other perfectly pure. Like all filters the kidneys get out of order. The trouble is only slight at first, but rapidly becomes dangerous if neglected, because the kidneys become choked with refuse, and the result is a leaking filter, full of holes and ulcers, with the natural consequence that the whole system becomes poisonous and the blood contaminated with uric acid. Dr. Edwards' Compound Dandelion Tablets act directly upon the kidneys and remove the cause of the trouble. In other words, they repair the leaking filter and make it clean and healthy. ## ATTRACTS ATTENTION

Big Musical Paper Gives Newark a Notice Concerning the Musical Festival.

The following notice is taken from the Musical Courier of New York, the largest paper devoted to musical interests in the world. It shows the attention that these festivals are attracting all over the United States and calls attention to the free advertising Newark is getting through the Festival. Music very evidently has its business side and is a valuable asset for any city.

The annual Spring Festival of Newark and Granville, Ohio, will occur on May 21, 22, 23 and 24. Director Arthur L. Judson has announced the following artists: Madame Schumann-Heink, contralto; Genevieve Clark-Wilson, soprano; Cecil James, tenor; Elizabeth Thompson Wilson, contralto; Ellis P. Legler, basso; Arthur Leroy Tebbis, baritone; Otto Meyer, violinist; Franz Wagner, cellist. There will be a chorus of 300, a local orchestra of 40, a children's chorus of 450, and the Chicago Symphony orchestra of 50 pieces. Alexander von Fielitz, conductor.

The festival is under the direction of Arthur L. Judson, who has again been selected as concertmaster and assistant director of the Ocean Grove orchestra, and V. R. Nold, assistant chorus director of the Newark Festival Association. Mr. Judson and Mr. Nold have directed over 150 choruses and orchestra rehearsals, have traveled 1,500 miles to direct choruses, and have managed twenty concerts this year. Certainly a great record for two towns whose entire population does not together exceed 35,000 people.

## CASHIER OF COLUMBUS POSTOFFICE SUICIDES TO AVOID DISGRACE

Alleged That He Was Short \$12,000 and the Appearance of Inspectors Prompted the Deed

Steel and Tin Workers Get an Increase in Wages-- Prisoner Attempts Suicide--All News of Ohio Briefly Paragraphed.

Columbus, O., May 14.—The appearance of inspectors at the Columbus federal building prompted W. C. Wallace, cashier of the postoffice, to commit suicide. Wallace shot himself in the head at his home, inflicting a wound that caused death in a hospital several hours afterward.

The federal inspectors had commenced to check up accounts at the postoffice. They first went over the books in the money order and stamp departments and then took up the accounts of the cashier. Cashier Wallace was not at the postoffice at the time. The cashier's absence being regarded as unusual, Postmaster Krumm started for Mr. Wallace's home to learn the cause. Mr. Wallace, who was in an upstairs room, saw the postmaster coming and called to his wife to let him come in. Just as Mr. Krumm was entering the house a shot rang out above and it was quickly discovered that Mr. Wallace had shot himself.

It is now admitted that there was a shortage in his accounts as cashier, but the postoffice authorities will make no definite statement regarding the amount. Rumors place the amount as high as \$12,000, but the exact amount will not be known until the inspectors finish their examination of his books. It is said that earlier in the day Wallace called up a friend and told him that he was short and the friend suggested that he call upon his friends to assist him. This Wallace said he could not do.

Mr. Wallace was formerly assistant postmaster, but later was appointed cashier. In the fall of 1905 he resigned to run for county auditor, but was defeated, and lost his home which was mortgaged to meet campaign expenses. He worried greatly over his losses. Subsequently he was reappointed cashier of the postoffice. Mr. Wallace was an active worker in the Methodist church.

### Tin and Sheet Men's Scale.

Toledo, O., May 14.—The sessions of the Amalgamated Association of Iron, Steel and Tin Workers were devoted to the hearing of the scale committee. Assistant Secretary M. F. Tighe of the association, made the announcement that the tin workers will receive an increase of 6 per cent and the sheet men will get an advance of 2 1/2 to 3 per cent per ton for May and June in accordance with the sliding scale based on the selling of iron.

### Initial Trial of Standard.

Findlay, O., May 14.—The initial trial against the Standard Oil company of Ohio, which was to have been called before Judge Duncan, was postponed until possibly the week beginning June 10. This was done for the reason that the circuit court will convene here on Tuesday of next week and it is expected that some decisions will be received from the court that will permit the Standard trials to go on with less quibbling and technical questions.

### Stabbed to Death.

Springfield, O., May 14.—William Clark was killed by Jason Hinkle at Durbin during a quarrel over a dog. Each called the canine and as a result they had words which ended in blows and the stabbing of Clark. Hinkle was whittling with a penknife when they clinched. He stabbed Clark in the

left side two and a half inches below the nipple, causing almost instant death. Hinkle gave himself up.

### Prisoner's Deed.

Lima, O., May 14.—Locked in their cells at the county jail 15 prisoners saw James Williams, 27, tie a rope, made from blankets in his cell, about his neck and jump off the second tier of cells, dangling within reach of some of his fellow prisoners. Williams was all but dead when Sheriff VanGunten reached him, and it is thought cannot survive. He was being held for highway robbery.

### Forgery Charged.

Delaware, O., May 14.—The Delaware county grand jury returned 59 indictments against former Deputy Auditor Harley W. Simpson, charging him with defrauding the county by forgery of over \$2,100. Most of the money alleged to have been illegally drawn was secured, it is charged, by forging warrants.

### Struck by Brake Handle.

Cincinnati, O., May 14.—Harry Carr, 28, was the victim of a peculiar accident that later resulted in his death. Carr was riding on a Mill Creek Valley car in the front vestibule near the motorman. Some passengers entered through the front way and Carr moved aside to let them pass. At that moment the motorman let loose the brake handle, which swung around, striking Carr on the side. He rode on the car several squares and fell in a faint. He was hurried to Christ's hospital, where he died after several hours of suffering.

### Union and Nonunion Men Clash.

Pomeroy, O., May 14.—The miners' strike, which has been in force here for the past four months, culminated in a clash between the strikers and strikebreakers. One miner had an arm broken and two strikebreakers were badly hurt. About 1000 miners, led by a drum corps, assembled at the mouth of the mine and when the strikebreakers came out, the fight took place.

### Safe Cracked.

Gallipolis, O., May 14.—Burglars broke into the Hocking Valley and Kanawha and Michigan depot, blew open two safes with nitro-glycerin and escaped with \$100 in money.

### A Hard Debt to Pay.

"I owe a debt of gratitude that can never be paid off," writes G. S. Clark of Westfield, Iowa, "for my rescue from death, by Dr. King's New Discovery. Both lungs were so seriously affected that death seemed imminent, when I commenced taking New Discovery. The ominous dry, hacking cough quit before the first bottle was used, and two more bottles made a complete cure." Nothing has ever equaled New Discovery for coughs, colds and all throat and lung complaints. Guaranteed by F. D. Hall, druggist. 50c and \$1.00. Trial bottle free.

## ST. LOUISVILLE SCHOOLS

The chronicles of the past week record the close of another successful year for the schools of St. Louisville.

Under the efficient management of Clinton P. Smith, superintendent, Miss Lottie Bullock, grammar, and Miss Rose Rouse, primary, all previous records have been surpassed. That the patrons are interested and have faith in their teachers and their schools was shown by the manner in which they helped to closing exercises by their presence, vacant seats being on all occasions a minor quantity. The old adage that "Nothing succeeds like success" has been fully corroborated in our schools the past year.

The promotion and junior exercises were held at the M. E. church Wednesday evening, May 8, and the senior exercises at the Lutheran church the evening following. From beginning to end both programs were good and reflected great credit upon both class and instructors. The work done showed careful, painstaking preparation and efficient instruction.

The junior class was composed of the following members on the program in the order here printed: Hallie Jones, Earl Nabarger, Iva Haas, Cary Farmer and Ralph Koontz. Their orations showed much careful thought and were delivered in a manner worthy of those much further advanced, and we predict that

the same methods carried out next year that have been enforced this past will enable them to go forth one of the strongest classes that has ever left the school. This, of course, is as it should be. The school that is not better today than it was a year ago is certainly an invalid, and in need of an immediate, resolute, and complete renovation of several things that we will not here take time to mention.

The senior class was composed of but two members, Roy S. Eagle and Lloyd W. Frost. The music was furnished by the Oberlin Male Quartet. The Rev. H. C. Sandberg gave the invocation, and Prof. F. B. Pearson of Columbus, delivered the class address. The class motto was "Winch and so winch." Both graduates handled their subjects in a way that showed more than ordinary preparation. Their thoughts were good, conclusions well drawn and delivery excellent.

Mr. Eagle in the treatment of his subject, "Waterloo," not only gave us a very vivid picture of that great

field and battle, but also showed us wherein we all had our great battles and might either win or lose our Waterloo. He also depicted the fact that patriotism was too often a cloak for ambition.

"The Wizard of the New Century" was Mr. Frost's subject, and, with illustrations and argument that could hardly be disputed, he showed that labor, good hard work, was not only the foundation but also the walls and tower of all true success. Also that seeming defeat could often be turned into success by those who had the courage of their convictions.

The program was closed by Pearson with one of his characteristic talks. There is no need to say that it was good. If you have never heard him, that is your loss and no business of ours. His address was full of smiles and pathos, and no one could hear him without catching some of his inspiration and enthusiasm, and he made better as a result. We are sorry that we have not more men like Pearson.

## THE VALUE OF PERSONAL KNOWLEDGE

Personal knowledge is the winning factor in the culminating contests of this competitive age and when of ample character it places its fortunate possessor in the front ranks of

The Well Informed of the World.

A vast fund of personal knowledge is really essential to the achievement of the highest excellence in any field of human effort.

A Knowledge of Forms, Knowledge of Functions and Knowledge of Products are all of the utmost value and in questions of life and health when a true and wholesome remedy is desired it should be remembered that Syrup of Figs and Elixir of Senna, manufactured by the California Fig Syrup Co., is an ethical product which has met with the approval of the most eminent physicians and gives universal satisfaction, because it is a remedy of

Known Quality, Known Excellence and Known Component Parts and has won the valuable patronage of millions of the Well Informed of the world, who know of their own personal knowledge and from actual use that it is the first and best of family laxatives, for which no extravagant or unreasonable claims are made.

This valuable remedy has been long and favorably known under the name of—Syrup of Figs—and has attained to worldwide acceptance as the most excellent family laxative. As its pure laxative principles, obtained from Senna, are well known to physicians and the Well Informed of the world to be the best we have adopted the more elaborate name of—Syrup of Figs and Elixir of Senna—as more fully descriptive of the remedy, but doubtless it will always be called for by the shorter name of—Syrup of Figs—and to get its beneficial effects, always note, when purchasing the full name of the Company—California Fig Syrup Co.—printed on the front of every package, whether you call for—Syrup of Figs—or by the full name—Syrup of Figs and Elixir of Senna.

## JAP STUDENT WILL LECTURE

Services of Talented Oriental Have Been Secured by Builders For Friday, May 17.

(Cambridge Jeffersonian.)

The Baptist Builders have secured Sanio Uesugi, a Jap, who is attending Denison university, to give two lectures at the Baptist church next Friday afternoon and evening. He will lecture in the afternoon at 3:45 to the children, the price of admission 10 cents, while in the evening, assisted by the Baptist Double Male quartet, an entertainment will be given consisting of the lecture in native costume of about one hour, and musical selections by the male quartet beginning at 8 o'clock, admission 25 cents.

Mr. Uesugi was with the six Denison students who spoke at the Old Cambridge, Drexville and Cambridge Baptist churches a few weeks ago, and his addresses at that time attracted great interest. He is a speaker of unusual ability in spite of the short time he has spoken the English language and his description of Japanese life and customs are exceedingly interesting and valuable to students of Oriental history.

## COUNTIES MUST FOOT THE BILLS

Oversight of Legislators Relieves the Municipalities, This Year, From Bearing Expense.

Because of an oversight of the legislature the counties of the state will have to foot all bills for the municipal and local elections this fall. The laws providing for paying election expenses say that the cost of local elections shall be apportioned among the different municipalities and townships in the county, with this qualification: "Except in the case of November elections."

When the laws were passed some of the local candidates were elected in the spring. The biennial election amendment to the constitution has changed all this, and everything is now a November election.

Frank C. Shank, auditor of Hancock county, anticipated trouble in paying for the election this fall, and asked Secretary of State C. A. Thompson, head of the state's election machinery, for a ruling. He held that local treasuries will gain at the expense of the counties.
